WRITTEN OPINION OF THE  
INTERNATIONAL SEARCHING AUTHORITY

International application No.

PCT/IL05/00067

Box No. I Basis of this opinion

1. With regard to the language, this opinion has been established on the basis of the international application in the language in which it was filed, unless otherwise indicated under this item.

This opinion has been established on the basis of a translation from the original language into the following language \_\_\_\_\_ which is the language of a translation furnished for the purposes of international search (under Rules 12.3 and 23.1(b)).

2. With regard to any nucleotide and/or amino acid sequence disclosed in the international application and necessary to the claimed invention, this opinion has been established on the basis of:

a. type of material

a sequence listing  
 table(s) related to the sequence listing

b. format of material

in written format  
 in computer readable form

c. time of filing/furnishing

contained in international application as filed.  
 filed together with the international application in computer readable form.  
 furnished subsequently to this Authority for the purposes of search.

3.  In addition, in the case that more than one version or copy of a sequence listing and/or table relating thereto has been filed or furnished, the required statements that the information in the subsequent or additional copies is identical to that in the application as filed or does not go beyond the application as filed, as appropriate, were furnished.

4. Additional comments:

WRITTEN OPINION OF THE  
INTERNATIONAL SEARCHING AUTHORITY

International application No.  
PCT/IL05/00067

**Box No. V Reasoned statement under Rule 43 bis.1(a)(i) with regard to novelty, inventive step or industrial applicability; citations and explanations supporting such statement**

**1. Statement**

Novelty (N)      Claims 1-14 YES  
                     Claims NONE NO

Inventive step (IS)      Claims 1-14 YES  
                     Claims NONE NO

Industrial applicability (IA)      Claims 1-14 YES  
                     Claims NONE NO

**2. Citations and explanations:**

Claims 1-6 meet the novelty, inventive step, and industrial applicability criteria under PCT Article 33(2)-33(4), because a content application device for applying content onto the surface of a beverage including a contenting application head adapted to apply content by agitating the surface of the beverage in a pattern correlated to the content is not taught nor fairly suggested in the prior art.

Claims 7-8 meet the novelty, inventive step, and industrial applicability criteria under PCT Article 33(2)-33(4), because a method for applying content onto the surface of a beverage including agitating the surface of the beverage in a pattern correlated to the content by using a content application head is not taught nor fairly suggested in the prior art.

Claims 9-14 meet the novelty, inventive step, and industrial applicability criteria under PCT Article 33(2)-33(4), because a content application system for applying content onto the surface of a beverage including the combination of elements as set forth in the claims, is not taught nor fairly suggested in the prior art.
